

May 2022,

I count it an honor to write a letter to recommend the Suglio family for consideration of mission support for their ministry, Heritage Baptist Church Planters. I first met Frank when he walked through the doors of the Cleveland Baptist Church as the lost man. I was pastoring the church at that time, and Frank is a man that is not easily overlooked. Frank was raised Roman Catholic, and the world and false religion had taken a toll on his life. It took some time for him to hear the truth of the gospel and patient witnessing by friends and an encouraging church family, and Frank soon humbled himself and repented of his sins and trusted Christ as Saviour. Once Frank got the truth, it was game on. Rebecca was saved but not grounded, and once God got a hold of Frank, it changed everything for her and their two children.

Frank and Rebecca surrendered to the ministry and enrolled in Heritage Baptist Institute, a ministry of Cleveland Baptist Church. We also hired this couple to give them some practical ministry experience while in the Institute. I can say without hesitation that this couple is the real deal. What they put their heart and mind to, believing it is God's direction for their life, will be done and done well. The Suglio family has a heart for people and a desire to start Independent Baptist Churches.

I have no problem endorsing and recommending this family for this work that God has called them to. I believe you and your church can have confidence that your mission support will be handled and used wisely to do great work.

For the Lord's Great Cause,

Kevin Folger
